The human being is a bridge  
Between the past  
And future existence;  
The present is momentary;  
The moment as bridge.  
Spirit turned to soul  
In matter's shell,  
It comes from the past;  
Soul turning to spirit  
In seed encased,  
It is future bound.  
Grasp the future  
Through what has been,  
Hope for what will become through what  
is complete.  
So seize what is in what will be;  
So seize what will be in what is.

Rudolf Steiner for Ita Wegman, Christmas, 24 December 1920
